

Olive Producers (NE Vic) Inc.

Olive Producers (NE Vic) Inc. was formed in 1998 to assist growers and processors to develop a sustainable Olive Industry in the North East Region. The criteria for membership involves the ownership of at least one olive tree and a deep respect for the production of excellent food.

The climate of North East Victoria is ideal for the production of extra virgin olive oil and table fruit. Good clean air, clean water and fertile land are available in abundance, together with wonderful sunshine for the ripening of the fruit.

North East Victoria produces much-acclaimed gastronomic delights and boasts many fine cafes, restaurants, gourmet food producers and wineries. Add to this wonderful scenery, historic landmarks, beautiful trails for walking, riding or driving and you have an experience not to be missed.

One of the highlights of the Olive producer's year is the **Golden Olive Awards** which attracts entries from all over the State. This event marks the end of harvest and recognises the fruits of that harvest with awards to producers. The oil and table fruit presented to the judges is of the highest standard, as is the product available for purchase from growers.

For details of how to join in this celebration, more information and a list of growers with Grove Door sales, visit our web site:
